

(IMPORTANT — Please read before using)

Welcome to the Puralin Way of Life — the natural, safe, easy way to help you relieve sinus congestion & nasal stuffiness.

Unlike leading decongestants, Puralin works to relieve watery eyes, nasal or sinus congestion, without potentially dangerous side effects, without interactions with other drugs you may be taking.

Relieve nasal & sinus congestion safely - the Puralin Way!

What is Puralin And Why Is It Different?

- Puralin Decongestant is a unique system developed through medical research to help stimulate your body's own defenses naturally to relieve nasal and sinus congestion. Puralin may take longer to work, but it is designed to be used over a long period of time, even for life.
- Unlike many of the leading sinus and nasal congestion products, including prescription drugs, Puralin helps relieve your congestion and watery eyes without any unwanted side effects and without interactions with other drugs you may be taking. Puralin does not contain Pseudoephedrine HCl.
- Puralin's unique formula is computer-generated and contains no artificial sugar. Puralin is designed to provide temporary relief from the causes of your discomfort. Puralin's ingredients are so safe, you can use Puralin the rest of your life.

Puralin is safe to use even if you are being treated for high blood pressure, heart disease, enlarged prostate, depression, diabetes, or thyroid disease. Puralin has no unwanted side effects and no interaction with any medications you may be taking. Puralin does not contain Pseudoephedrine HCl.

How Puralin Works

- Most ordinary over-the-counter decongestants are allopathic and work by suppressing symptoms, drying up the mucous membranes to provide symptomatic relief. Puralin is different.
- Puralin uses the European homeopathic method of Ultra-Low Dose Therapy. Puralin provides safe, homeopathic ingredients in minute doses to help build your body's own defenses against the causes of your discomfort.
- Puralin's products are comprised of **natural, non-toxic, non-allergenic ingredients** and manufactured in accordance with the processes described in the Homeopathic Pharmacopoeia of the United States, Revision Service (HPUS), the official manufacturing manual recognized as an official compendium under the Federal Food, Drug and Cosmetic Act. Puralin is not an herbal product.

The Puralin Way To Relieve Symptoms of Congestion

For best results, Puralin should be used continually prior to or at the onset of conditions. Even people with heart disease, diabetes and high blood pressure, have turned to Puralin to relieve nasal and sinus congestion discomfort.

Directions:

- Adults take 1 or 2 tablets prior to or at onset of symptoms.
- May be repeated every 15 minutes up to 6 doses or until relieved.
- Repeat every four to six hours when necessary.
- Children over two years of age may take one-half the adult dose.
- Best taken away from food and drink.

Join the Puralin worry-free way of life
